Subject: Governor's Announcement of Oil and Gas Supervisor Steve Bohlen

Dear Staff,

I am pleased to announce that Governor Brown has appointed Steven Bohlen as the new State Oil and Gas Supervisor in DOGGR.

Steve is currently the program director for nuclear and domestic security at the Lawrence Livermore National Laboratory. Previously, Steve was president of the Joint Oceanographic Institutions (JOI) Division, Consortium for Ocean Leadership, CEO of JOI, and associate chief geologist for science of the U.S. Geological Survey. He was elected as a fellow of the Geological Society of America in 1997.

Steve is a graduate of Dartmouth College, and he received his Ph.D. in geochemistry from the University of Michigan. Following a postdoctoral fellowship at UCLA, Steve became a tenured professor at Stony Brook University.

Steve will assume his new duties at DOC on June 2, 2014. Please join me in welcoming Steve to this new assignment—and to DOGGR, to the Department of Conservation, and to state government!
